GIFT BASKET DROP SHIPPING

EXPERIENCE MATTERS...

Gift Basket Drop Shipping began in 1992 as a family owned and operated business. GBDS began as a retailer in the gift basket industry via mail order and eventually moved to the Internet as Dreamaker Gifts. We made the transition into being a wholesale only company to better serve the needs of the growing wholesale drop shipping business to eventually become the company known as Gift Basket Drop Shipping. Gift Basket Drop Shipping was one of the first gift basket companies to offer wholesale drop shipping and is still one of the top suppliers in the industry today. Our selection and service is unparalleled.

CENTRALLY LOCATED

Our facility moved from California to Missouri in the summer of 2004. We are located in Southeast MO 5 miles north of the Mississippi River in a Midwest town called Jackson.

This small Midwest town is filled with historical treasures and has been the home of many famous people, including Mark Twain. The river divides our section of MO and IL and offers an abundance of fishing and economic opportunities for local companies.

This move allowed our members a major advantage in delivery times and transportation. Previously a ground shipment to New York or Florida would have taken five to six days to arrive. Now, due to our relocation to Missouri this same delivery only takes three to four days.

During a holiday season our location offers a tremendous advantage over other wholesale gift basket drop shippers. Many destination areas which previously needed to ship via express to arrive in 3 days or less can now ship via ground and arrive in less than three days at a fraction of the cost. Again, this offers a huge potential for added business during any holiday.

Gift Basket Drop Shipping currently offers over 250 unique every day gift designs, many of which are available in various sizes and our selection is still growing. We offer new designs for each major holiday and additional every day selections throughout the year. You simply will not find a larger selection of beautiful gift baskets anywhere else in the industry.

All gifts with the exception of fruit and cookies are created and shipped directly from our facility by our own fantastic employees offering a superior level of quality control.

We hope you will join us in our effort to offer the best selection at the best price with the fastest delivery available. Welcome to Gift Basket Drop Shipping, feel free to call us anytime!

Thank you from GBDS! The Drop Shipper that truly cares about your business and the relationship we create by working together.
